

## SUMMARY OF INTERVIEW

### Attendees, Date and Type of Interview

The telephonic interview was conducted on October 4, 2007 between Che Chereskin and Examiner Cynthia Wilder.

### Exhibits and/or Demonstrations

none

### Identification of Claims Discussed

all

### Identification of Prior Art Discussed

Shuldiner

### Proposed Amendments

It was proposed to amend the claim to specify the position of the label, in particular limitation to the specific sequences of SEQ ID NOS: 8 to 12, specifying a label at positions 183 or 196.

### Principal Arguments and Other Matters

Arguments were as presented previously (Response of March 2007) regarding criticality of position of label in light of the proposed claim amendments.

### Results of Interview

Examiner Wilder indicated that the proposed amendment would require further searching. She also considered that an obviousness rejection could be made based upon art that teaches what the position of the label must be in FRET.
